

## Business Secretary visits KMF

 KMF (Precision Sheet Metal) welcomed Business Secretary Dr Vince Cable to its Newcastle-under-Lyme premises and he left suitably impressed by the company's investment in apprentice training and manufacturing technology. The visit was part of the Government's strategy to develop long term partnerships with industry and KMF was selected due to it being the largest subcontract manufacturer of precision sheet metal components in the UK.

"Our industrial strategy will aim to help companies like KMF so that we can support business with the

right focus on skills, investment and growth for the future," said Dr Cable. *For further information* [www.kmf.co.uk](http://www.kmf.co.uk)
